

Central Driveline has been supplying and supporting the agriculture industry for over 50 years which has made our expertise of agricultural axles, transmissions and driveline components invaluable to our clients. The types of equipment these products are installed in include but are not limited to:

- Balers
- Cultivators
- Combines & Harvesters
- Plows
- Planters
- Sprayers
- Swathers
- Tractors

We are proud to be dealers and distributors for some of the world's leading manufacturers of premium brand Axles, Driveline, Transmissions and Diesel Engines that power many of essential Agriculture Industry assets.

We stock and supply only Genuine Parts to make sure your engine, transmission and driveline can maintain performance at its peak potential.

Genuine Parts are designed tested and manufactured to meet the same high-quality requirements as the factory-fitted parts used when your engine, transmission and driveline was built.

From our central warehouse and distribution hub located in Sutton-in-Ashfield we distribute parts throughout the UK and overseas.

You can also buy Genuine Parts from our Online Store: [www.shop.mitchells.co.uk](http://www.shop.mitchells.co.uk)

## GENUINE PARTS SERVICE SUPPORT UK-WIDE

Keeping your equipment fully operational and productive is a top priority and customers have our full support from troubleshooting faults, removal, overhaul, or reman supply to re-installation and commissioning, and ongoing maintenance, including supplying and genuine parts.

We have a UK-wide service network of over 35 factory trained Field Service Engineers, backed up by 22 Workshop Technicians ready to provide on-site service support when and where you need it.

As an official Service Centre and the sole UK & Ireland Distributor for Dana Spicer Genuine Parts we know your axles, transmissions and drivelines better than anyone and we offer service and support that can be tailored to your specific needs.

With Service Centres located in Glasgow, Hayes, Romsey, and Sutton-in-Ashfield, we provide a truly national customer support capability. We also directly employ all our Field Service Engineers.

Our qualified Field Service Engineers and Technicians are fully factory trained and experienced in a wide range of Dana Spicer and other driveline product manufacturers that power agriculture applications, allowing them to quickly diagnose, fix and repair issues you may have with your equipment minimising downtime.

We are fully equipped with the latest specialised tooling, technical information and reach-back to OEM factory technical resources.
